

Duplex valve model 9000

Meter Assemblies

DF203-2

WATER METER PROGRAMMING

For the 9000 valve there have been two types of water meter fitted

- 1) Wafer pattern fitted to Early models (3/4" meter)
- 2) Standard 'Dome' pattern fitted to current models (1B)

The wafer pattern uses a meter divider of F35.1

The Dome Pattern uses a meter divider of F5.3
